

A minimalist still life featuring a single lit candle in a simple, light-colored ceramic holder. The holder has a small, curved handle. The candle is placed on a dark, round table. The background is a solid, dark red wall. The lighting is soft, coming from the candle, creating a warm and intimate atmosphere.

Matsumoto

I Matsumoto (en mellanstor stad några timmar nordväst om Tokyo) ritade Claesson Koivisto Rune en flaggskeppsbutik med tillhörande kafé. Ett bord för två utvecklades som – när det placeras kant mot kant – i rad bildar ett slags kafélångbord, med tydlig platsindelning. En enkel men lätt igenkännlig geometri. Matsumoto har erhållit både Good Design Award 2016 och German Design Award 2018.

In Matsumoto (a medium-sized city a few hours northwest of Tokyo), Claesson Koivisto Rune designed a flagship store with a café. A table for two was developed, which when lined up edge-to-edge forms a kind of long café table, with clearly defined seat positions. A simple but easily recognizable geometry. Matsumoto has won both Good Design Award 2016 and German Design Award 2018.
